IR Interactive Whiteboard

Specktron offers technologically advanced whiteboards in the Intelligent Series line. The IR interactive whiteboards features 4 Touch technology that enables multiple users to write and draw simultaneously. Users can switch seamlessly between writing, drawing and moving objects with a finger, stylus or even a pointer. The board easily connects to a computer through a USB interface. The Intelligent series come with anti glare ceramic surface and is further equipped with Specktron software, an ideal tool to increase engagement and collaboration within any educational, corporate or professional teaching or training environment.

Accessories:

Portable Visual Scanner

Wireless Slate
